

Scoring greater LGBTI inclusion in Aussie sports

It takes a team effort to create a sporting culture that values diversity and everyone's contribution to the game. Whether you're a player, an official or a die hard fan, we need champions to make sports fair and inclusive for all.

We can help. Pride in Sport is Australia's national not-for-profit membership program specifically designed to assist sporting organisations and clubs with all aspects of lesbian, gay, bisexual, transgender and intersex (LGBTI) inclusion.

Tailored programs delivered by Pride in Sport can enhance levels of participation through building the capacity of sporting organisations to create inclusive environments that reflect the communities they play in. Pride in Sport offers a benchmarking instrument, the Pride in Sport Index (PSI), which measures LGBTI inclusion within Australian sport. The PSI provides data that participating organisations can use to assess their current work, in addition to tangible feedback that can be fed into diversity and inclusion strategies.

For more information about Pride in Sport, the PSI and how your sporting organisation or club can get involved, please contact the membership team.
